Comments on removal of domestic water supply use from Town Branch and Holman Creek	I OPPOSE the removal of the domestic water supply designated use from Holman Creek and Town Branch. Although domestic water supply use is not an existing use on these stream reaches, designated uses are meant to represent the goal of a particular waterbody. I feel strongly that the domestic water supply uses should remain a GOAL for these stream reaches.
Additional comments (optional)	Clean water is of the utmost importance for our communities and must be safeguarded. Industry must look to other avenues to expand without jeopardizing our clean water sources
