Doug,

I received the comment below from Ryan and just confirmed with Mary that it is to be a comment on the record. Did you receive a copy of her email? If not, would you please add this to the record?

Thank you.

Ellen

Subject: Huntsville Reg 2 Changes

For the Huntsville rule that is currently pending for Regulation No. 2, I have the following question:
Are there any federal limitations for the discharge of chloride, sulfate, and total dissolved minerals into streams such as Town Branch, Holman Creek, and War Eagle Creek?

Thanks,

Mary Cameron
