Subject: CAFO's in the Buffalo River watershed

Greetings--It doesn't seem to me that it would take a lot of thought to see that ANY SIZE hog farm in the watershed of our beautiful National River is a bad idea. My two sons grew up floating and fishing on the Buffalo. I would like for my grand kids to experience the same pristine water.      Regards.....Dave Smith, 553 Fate Morrison Road, Fox Arkansas 72051
