Subject: CAFO in Buffalo River Watershed

Dear Sir/Madam,

I am writing this email to formally register my opposition to the placement and operation of current (and future) confined animal feeding operations (CAFOs), such as C&H Hog Farms, in the Buffalo River watershed. Such inhumane and biologically damaging activities are, in my opinion, wrong in any location but in the Buffalo River watershed they are a desecration. There is still time to prevent an ecological catastrophe.

Thank you for your hard work and dedication to protect Arkansas and its people, I understand that state regulatory agencies are under pressure from all sides.

Sincerely,

Joe Massey, Ph.D.
