Subject: The Buffalo River rule proposal

Mr. Szenher,

The Buffalo River is too valuable, too precious to all Arkansans and Americans to put at risk. Let our government put policies in place to shield this unique feature from harm by pollution. Please support the proposal to ban future medium and large swine operations in the Buffalo River watershed. Support the small businesses that stand to benefit from a balanced, beautiful, pristine Buffalo River that furnish needed services to a thriving tourist economy.

Sincerely,

Reva Stover
