Re: Regulation No. 6; Docket No. 08-003-R

Dear Judge Fite:

Central Arkansas Water ("CAW") wants to amend Regulation No. 6, Regulations for State Administration of the National Pollutant Discharge Elimination System ("NPDES"). The proposed change prohibits all surface discharges of wastewater in the Lake Maumelle Basin, with the exception of discharges permitted under the NPDES stormwater discharge program. Attached is Minute Order No. 08-09, which is the Arkansas Pollution Control and Ecology Commission ("Commission") schedule for receiving public comments and holding public hearings on the proposed amendment.

The Commission believes it is important to know what comments you and the Saline County Quorum Court may have on CAW's proposed rulemaking before the Commission makes a final decision on the proposed amendment to the regulation. Therefore the Commission respectfully requests that you provide it with any comments you and the Quorum Court may on this matter.

On behalf of the Commission, thank you for your assistance regarding this important issue.

Respectfully,
