Subject: APC&EC Public Hearing June 17, 2014

This message is regarding the public hearing set in Harrison on June 17th to prohibit the ADEQ from issuing Regulation 5 permits for Confined Animal Operations, and Regulation 6 permits for Concentrated Animal Feeding Operations, for facilities in the Buffalo National River Watershed with either 750 or more swine weighing 55 pounds or more, or 3,000 or more swine weighing less than 55 pounds. As a business owner in Harrison, as organizer of Arkansas Stream Team #932, and as a concerned citizen I would like it to be known that I support these regulations currently being discussed. It is my belief that these efforts would help to slow the degradation of the Buffalo National River Watershed and the Ozarks.
