

**ARKANSAS POLLUTION CONTROL
AND ECOLOGY COMMISSION**

**SUBJECT: Petition to
Initiate Rulemaking
Regulation No. 2**

Docket No. 10-002-R

MINUTE ORDER NO. 11- 30

PAGE 1 OF 1

On May 27, 2010, the Arkansas Pollution Control and Ecology Commission (hereinafter "APCEC" or "the Commission") adopted Minute Order 10-18, which initiated rulemaking to amend APC&EC Regulation No. 2.

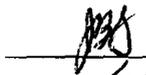

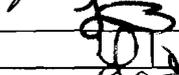

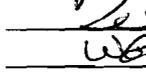

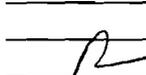

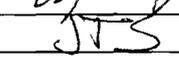

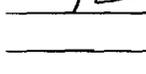

After review of the written and oral comments, ADEQ has determined that commenters raised several issues which were not part of the proposed rulemaking and which ADEQ believes require extensive and additional stakeholder discussion.

At this time, the Commission finds that the State's water quality standards are protective of designated uses and the water quality necessary to maintain those use and that no changes to Regulation No. 2 are necessary during the 2010 Triennial Review period.

Therefore:

The Commission approves the withdrawal of the proposed amendments to Regulation No. 2 and closes Docket No. 10-002-R.

COMMISSIONERS:

	J. Bates		J. Simpson
	L. Bengal		L. Sickel
	D. Hendrix		W. Thompson
	S. Jorgenson		B. White
	D. Samples		R. Young
	J. Shannon		(Vacant)

J. Chamberlin, Chair
