---

Dear ADEQ:

I agree with the Rule Changes to Rules/Regulations 5 and 6 in regard to establishing a permanent swine CAFO moratorium for large and medium operations in the Buffalo National River Watershed as stated in Docket Numbers #19-002-R and #19-003-R. The Buffalo is a "national river" and the crown jewel of Arkansas. We as citizens need to ensure that this lucrative tourism resource is preserved for both our nation and our children.

*I very much appreciate* that ADEQ and the APC&E Commission are moving forward with this rule making process. I also sincerely appreciate Governor Asa Hutchinson's support for the ongoing protection of the Buffalo National River.

Sincerely,

Brian A. Thompson
