Subject: Buffalo moratorium
Date: Sunday, September 15, 2019 8:39:10 AM

I support the changes proposed by ADEQ to Rule 5 and Rule 6 that would institute a permanent moratorium on issuance of permits for medium and large swine CAFOs in the Buffalo National River watershed.

The karst geology in the Buffalo river area makes it unsuitable for concentrated animal feeding operations due to the many caves, springs and underground streams.

Let's get the legislation in place that will protect our natural resources!

Sincerely,
Cathy Ross
