I support the changes proposed by ADEQ to Rule 5 and Rule 6 that would institute a permanent moratorium on issuance of permits for medium and large swine CAFOs in the Buffalo National River watershed.

In hindsight, it is easy to say that it was a mistake to allow the C&H Farm to operate in the Buffalo National River watershed. We now have the opportunity to exercise the foresight to not allow a CAFO of any kind (chicken, turkey, beef operations for meat, egg, or dairy production) to ever open again in the future. I urge you to protect the Buffalo River for the benefits it offers to the environment of The Natural State, as well as its citizens. Thank you for your time and consideration.

Sincerely yours,
