Subject: Permanent CAFO Prohibition

I agree with the Rule Changes to Rules 5 & 6 for a permanent swine CAFO prohibition in the Buffalo National River Watershed as stated in Docket Numbers #19-002-R and #19-003-R. However I don't believe that is enough, why limit it to only pig farms? All CAFO's of all sizes should be prohibited in the Buffalo watershed. Also the disposal/spreading of any type of animal waste should be completely prohibited in the Buffalo watershed. Lets not make the same mistakes as in the past and leave the door open to loop holes that allow these types of farms anywhere near sensitive and protected areas of our beautiful state, not just the Buffalo watershed.
