Subject: Buffalo River watershed moratorium
Date: Monday, September 16, 2019 8:37:47 AM

I support the changes proposed by ADEQ to Rule 5 and Rule 6 that would institute a permanent moratorium on issuance of permits for medium and large swine CAFOs in the Buffalo National River watershed.

Permitting C&H was an admitted mistake. Only a ban on this type of facility can ensure that the same mistake is not permitted in the future.

I believe that the two commissioners that are trying to delay this process are likely being bribed or paid to delay it. We need to protect our beautiful river and not allow greed and corruption to stall the process.
