Subject: Buffalo moratorium

I support the changes proposed by ADEQ to Rule 5 and Rule 6 that would institute a permanent moratorium on issuance of permits for medium and large swine CAFOs in the Buffalo National River watershed.

I support the Clean Water Act (prior to TRUMP) for ALL waterways in Arkansas. Arkansas should be strengthening protections for all waterways in the Natural State. These are finite resources. The right to farm and the right to own a business does NOT give anyone the right to pollute and poison the waterways.
