Subject: permanent moratorium for concentrated animal feeding operations (CAFOs) in the Buffalo National River Watershed

I agree with the Rule Changes to Rules 5 & 6 for a permanent swine CAFO moratorium in the Buffalo National River Watershed as stated in Docket Numbers #19-002-R and #19-003-R.

The Buffalo National River is a rare national gem that must be protected for the majority of the people who live, work and enjoy (via millions in recreation dollars) - now and for future generations.
