Subject: Support Permanent Moratorium on hog farms!
Date: Tuesday, September 10, 2019 12:05:47 PM
Importance: High

I am writing to ask that you at pass a permanent moratorium on medium and large scale hog factories in the Buffalo River Watershed.

After having to spend 6 million tax payers dollars to shut down C & H, we cannot let any other hog factories set up in the watershed and have a repeat disaster, both environmentally and financially for the citizens of the State of Arkansas.

PROTECT our clean water and natural resources and the First National Buffalo River FOREVER.

Thank you,

Ellen Mitchell
