**Subject:** Buffalo River watershed moratorium  
**Date:** Sunday, September 15, 2019 10:23:58 AM

---

I support the changes proposed by ADEQ to Rule 5 and Rule 6 that would institute a permanent moratorium on issuance of permits for medium and large swine CAFOs in the Buffalo National River watershed.

This is just common sense. Nobody with any sense wants pig crap polluting our beautiful Buffalo River area, hurting the local businesses that depend on the river, and harming water aquifers and the environment in general. Do the right thing!

John
