Subject: Reg 5 & 6
Date: Tuesday, August 27, 2019 9:13:06 PM

I urge the Commission to adopt the proposed modifications to Rule 5 and 6, permanently prohibiting the development of swine medium-and-large CAFOs in the Buffalo River watershed.

I incorporate and adopt all other comments supportive of a permanent moratorium on medium and large CAFOs in the Buffalo River watershed, and reserve the right to submit additional, more detailed comments in writing.

Thank you,
Karen Seller
