To Who It May Concern,

I agree with the Rule Changes to Rules 5 & 6 for a permanent swine CAFO moratorium in the Buffalo National River Watershed as stated in Docket Numbers #19-002-R and #19-003-R. I ask you to make this moratorium permanent.

The Buffalo River was saved / protected from development over 50 years ago. Protecting the watershed of the Buffalo River should be part and parcel of this protection. We should make this protection permanent and it should include the Buffalo River watershed.

Thank you for taking action to permanently protect the Buffalo River and its watershed.

Greetings,

Ken Leonard
