Subject: Buffalo moratorium
Date: Sunday, September 15, 2019 1:08:09 PM

We support the changes proposed by ADEQ to Rule 5 and Rule 6 that would institute a permanent moratorium on issuance of permits for medium and large swine CAFOs in the Buffalo National River watershed.

The Buffalo River needs time to recover from the damage caused by the C & H hog farm. Further large swine operations on top of the karst geology of the Buffalo River watershed is unthinkable. The Buffalo River is a national treasure and everything that can be done to protect and preserve it should be done.

We strongly urge the Commission to make the changes as proposed by ADEQ.

Respectfully,
Lloyd & Linda Stith
