Subject: Buffalo moratorium
Date: Monday, September 16, 2019 7:52:54 PM

I support the changes proposed by ADEQ to Rule 5 and Rule 6 that would institute a permanent moratorium on issuance of permits for medium and large swine CAFOs in the Buffalo National River watershed.

You should protect our National River. There are other places large polluting CAFOs can be developed. But CAFOs are bad for the environment, the animals inclosed and the people who eat them. Lolly Tindol, Newton County resident at teh Headwaters of the Buffalo
