To Whom This May Concern:

I support a permanent moratorium on the issuance of permits for medium and large swine CAFOs in the Buffalo National River watershed. Let's not make another immense environmental "blunder" at a vast cost to Arkansas taxpayers and our nation's first designated national river, the Buffalo National River. ADEQ and Governor Asa Hutchinson have stated it was a "mistake" to permit the C&H CAFO. Don't let it happen again !!
