Subject: Permanent moratorium on Buffalo river
Date: Monday, September 16, 2019 11:10:41 AM

Sherrie McIntyre:

To ADEQ:

As a life long visitor/vacationers with long family roots to Arkansas I have always treasured the purity of the rivers and water ways. The beauty of the land has amazed and astounded not only myself but my family. Arkansas is our vacation destination yearly. We swim, fish, canoe and enjoy the many caves. That is why a Permanent moratorium is necessary. To keep the Buffalo river pure and beautiful for generations to come. Not only are you ensuring the health and well being of Arkansans but all who come to visit this beautiful place. Thank you!
