Subject: Improved notification requirements for Regulation 6

I am writing to the Arkansas Department of Environmental Quality to request that all public notice requirements specified in section 6.207 be issued NO MORE THAN 30 DAYS PRIOR to submission of the Notice of Intent. Additionally, the Arkansas Department of Health should be included on the list of entities requiring notice.

I am further stating that I submitted these comments on July 27, 2014, to the Arkansas Department of Environmental Quality via email to this address:

reg-comment@adeq.state.ar.us and that I expect these comments to be made a part of the official record.

Thank you.
