Subject: CAFOs in the Buffalo River Watershed

To whom it may concern,

I support a permanent moratorium on CAFOs in the Buffalo River Watershed. I also oppose issuing any new permits for swine CAFOs in the BRW. Please void the four non-operational permits currently located in the BRW so they cannot be reactivated in the future. Such changes to the BRW would ultimately be harmful to it. There are always unforeseen and unintended consequences.

Thank you.
