I fully support the comments of the Buffalo River Watershed Alliance (BRWA) which includes approval of a permanent moratorium on any future swine CAFOs in the Buffalo River Watershed. The request for clarification regarding the defunct facilities but still holding active permits needs clarification as outlined by BRWA. I do not support any renewal of such permits. To my knowledge there are no active swine CAFOs in the watershed and with the closure of C& H, the watershed of the Buffalo River should not have any again.
