RE: Regulation 6

I am sending this message in response to the request for comments regarding Regulation 6. I fully support a permanent moratorium on CAFOs in the Buffalo River Watershed.

I also oppose issuing ANY permits for swine CAFOs, or any other type of CAFOs, in the Buffalo River Watershed.

I am asking that you please void the four non-operational permits currently located in the Buffalo River Watershed, so they may never be reactivated.

Thank you!
