11. What is the reason for this proposed rule? Why is it necessary?

The proposed rulemaking regarding 8 CAR pt. 60, “Solid Waste Management Rules,” amends the rule to conform to special language in Act 791 of 2025, Section 39. This section of the act provides that any expenditure “in excess of \$2,000,000 per site from the Landfill Post-Closure Trust Fund” for a corrective action to remedy environmental impacts “shall be subject to the review and approval by the Arkansas Pollution Control and Ecology Commission.” Subsection (b) of 8 CAR § 60-1304, “Landfill post-closure clean-up restrictions,” provides that any expenditures in excess of \$50,000 “from the fund for corrective action for remedy to environmental impacts of closed disposal sites. . . will be prioritized and authorized by the Arkansas Pollution Control and Ecology Commission . . .” The proposed rule amendment increases the amount of the expenditure threshold from \$50,000 to \$2,000,000 to make the section consistent with special language in Act 791 of 2025.

The PC&EC approved the Landfill Post-Closure Trust Fund Prioritization list in 2010, therefore, there is no need for redundant approvals for routine expenditures at prioritized sites. In the future, should DEQ contract for the physical closure of a landfill, or allocate resources for an emergency issue, the PC&EC would then have a chance to provide input as these types of expenditures exceed the \$2,000,000 threshold established by the special language in Act 791 of 2025.
