

Division of Environmental Quality  
Office of Land Resources  
5301 Northshore Drive  
North Little Rock, AR 72118  
(501) 682-0744

**NOTICE OF INTENT  
FOR COVERAGE UNDER THE GENERAL PERMIT  
FOR THE CONSTRUCTION AND OPERATION OF**

**SOLID WASTE TRANSFER STATION (TYPE TS)**

**0000-STSW-A,  
0000-STSW-B,  
0000-STSW-C,  
&  
0000-STSW-D**

1. Legal Name of Applicant:	2. Name of Facility:
3. Applicant Legal Address (Mailing Address):	4. Facility Physical Location (Site Address):
5. Applicant City, State, Zip:	6. Facility City State, Zip:
7. Applicant Telephone Number:	8. Facility Telephone Number:
9. Applicant Email Address:	10. Facility Contact Person:
11. Responsible Official:	12. Facility Contact Person Email Address:
13. Title of Responsible Official:	14. Facility Latitude and Longitude:
15. Responsible Official Telephone:	16. Facility Section/Township/Range:

17. Anticipated Service Area [See Regulation No. 22.903(b)(5)]

18. Maximum Throughput – Select One [See Regulation No. 22.903(b)(5)]

0000-STSW-A	5,200 tons annually	<input type="checkbox"/> A Capacity
0000-STSW-B	10,400 tons annually	<input type="checkbox"/> B Capacity
0000-STSW-C	20,800 tons annually	<input type="checkbox"/> C Capacity
0000-STSW-D	31,200 tons annually	<input type="checkbox"/> D Capacity

Throughput greater than 31,200 tons annually requires individual permit.

19. Has the facility received a Certificate of Need (CON) from the appropriate Regional Solid Waste Management District? [See Regulation No. 22.902(c)]

Yes – Attach CON

No – Explain \_\_\_\_\_

Note: Facilities existing prior to June 1, 1999 are exempt from the CON requirement.

20. Is the site currently permitted by the Division as a Solid Waste Transfer Station?  
 Yes  
 No  
If Yes, Permit Number : \_\_\_\_\_

21. Location Restrictions and Siting Requirements Demonstration [See Regulation No. 22.902]  
Facility must provide a location demonstration narrative – explain how the site meets or addresses the following location requirements  
Location demonstration:  Attached or SWMD Reference ID \_\_\_\_\_  
Is site located within 10,000 feet of any airport runway end used by turbojet aircraft?  Yes  No  
Is site located within 5,000 feet of any airport runway end used only by piston-type aircraft?  Yes  No  
Is site located in the 100-year flood plain?  Yes  No  
Is site designed and operated to not restrict flow of base flood, reduce water storage capacity of flood plain, or result in washout of solid waste?  Yes  No  
Is the site located in a jurisdictional wetland?  Yes  No  
Has site obtained all necessary geographic site approval from government(s) of jurisdiction  Yes  No  
Site active areas located within 50 feet of property boundary.  Yes  No  
Site active areas located within 200 feet of an existing residence, place of business or drinking water supply not owned or leased by the applicant.  Yes  No  
Was the site in existence prior to May 7, 1995?  Yes  No

22. Additional Required Attachments  
Site Location Map [See Regulation No. 22.903(b)(2)]  Attached or SWMD Reference ID \_\_\_\_\_  
Map Depicting Wetlands [See Regulation No. 22.903(b)(3)]  Attached or SWMD Reference ID \_\_\_\_\_  
Site Plan [See Regulation No. 22.903(b)(4)]  Attached or SWMD Reference ID \_\_\_\_\_  
Design Plans and Specs [See Regulation 22.903(b)(6) and conform to Regulation No.22.905]  Attached or SWMD Reference ID \_\_\_\_\_  
Operating Plan [See Regulations No. 22.903(b)(7) and conform to Regulation No. 22.904 and 22.906]  Attached or SWMD Reference ID \_\_\_\_\_

23. Will the facility accept industrial and/or special waste defined by Regulation No. 22.102 or special waste described by Regulation No. 22 Chapter 7?  
 Yes – Include special handling, storage, or other provisions in a dedicated section of the operating plan. List each waste here, unlisted wastes are not considered acceptable or permitted:  
\_\_\_\_\_  
\_\_\_\_\_  
 No industrial/special wastes.

24. Permit Fees - for existing facilities the current annual billing cycle will remain unchanged and there are no additional fees. Simply continue paying the \$450 annual fee when it is billed by DEQ.  
New Facility –  \$900 initial fee is attached  
All facilities – Are all DEQ invoices paid to date (for all permits or licenses)?  
 Yes  
 No, explain \_\_\_\_\_

**Applicant Responsible Official Certification – Professional Engineer Waiver**

Signature and certification according to Regulation No. 22.301(i) is currently not provided herein. As the applicant and responsible official I am providing this additional signature and acknowledgment as follows.

- I am the applicant and responsible official as shown and signed on the Notice of Intent (NOI) form.
- The facility was previously permitted or covered by general permit coverage with an associated document set that is complete for permitting purposes and in accordance with applicable regulations. The document set was prepared under supervision of and is properly certified by a professional engineer registered in Arkansas. These documents may include but are not limited to operational plans and design narrative, design plans and specifications, maps, drawings, location demonstrations, local or regional approvals, closure plans, closure cost estimates as applicable.
- I am cognizant and fully understand the facility plans and documents associated with the referenced facility. These documents are updated to the current facility design and operational methods and they address applicable requirements of Regulation No. 22 or other rules and statues.
- I have attached copies or made proper reference the DEQ - Solid Waste Division online facility files - Document Identification Number (DIN) or numbers to address all sections of the NOI.
- I have reviewed past year(s) tonnage rates, made reasonable consideration, and selected appropriate capacity designation for the facility. I understand this designation is connected to the selection of the appropriate cost estimate related to financial assurance. This is held by DEQ for third-party closure of the facility in case the facility is unable to complete closure obligations. I understand that the selected capacity is a limiting condition of the permit coverage. I understand I am obligated to continue financial assurance in a mechanism allowable by Regulation 22.
- I understand the Regulation No. 22.301(i) requires professional services of an engineer licensed in Arkansas for the submission of design or operational changes or updates to plans. Professional Engineers are to be retained for guidance in day-to-day operational assistance related to the certified facility design, guidance in emergency situations, or guidance in situations which may threaten human life and welfare or which threaten the environment. I am not attempting to practice engineering and understand duties and responsibilities of professional engineers.
- I have read and understand the conditions and continued requirements to maintain compliance with the general permit.
- I certify the accuracy of these statements to the best of my knowledge. I understand the responsibility of accurate and truthful submittal and the duty to make corrections or updates to submittals to retain coverage under the permit.
