Subject: Investigating C&H Pond Problems

Sirs:

I am a land owner and operate a small business in the watershed that is being effected negatively by the existence of your CAFO permit.

My ancestral family homesteaded this property, The May Farmstead and it is listed on the Department of Interior as a historical site.

My family and I fully support the Buffalo River Alliance and it's call for an effective test regimen resulting in a fair investigation of the C&H CAFO.
