Subject: Investigatng C&H Pond Problems

I'm incredulous that this hog factory was ever allowed to be built. Now that this horrible mistake has been exposed for the farce that it is, PLEASE do your jobs to the absolute maximum, which you owe to the citizens of this state and do this research and testing thoroughly and completely! No more whitewashing and sliding under the radar!!!

Everyone in this state and nation is watching your department. DON'T let us down AGAIN!!!

Shame on the ADEQ for risking the health of this delicate and one of a kind, national river.
