1. Who is responding to these questions? Harbor or ADEQ?
2. If I have a question about the drilling process itself will Harbor respond?
3. This comment period seems brief. Would you please extend the time?
4. Why were no questions allowed following Harbor's brief power point?
5. When will ADEQ draw their conclusions and report them to the public?

Thank you for responding to these questions. I am sure I will have more.
