Dear Jacob Harper,

I urge DEQ to protect the streams and lakes my fellow Arkansans and I use for drinking water, wildlife watching, fishing, swimming, and boating. Please be sure that the CPP and AIM:

- Protect high quality streams in our state and national parks, wildlife refuges, and wilderness areas from new pollution.
- Properly establish protected baseline water quality through testing and data analysis.
- Account for non-point sources of pollution when making point source permitting decisions.

Further, I support the the comments submitted by Ozark Water Watch, Arkansas Public Policy Panel, and their partners.

Thank you for your consideration.

Sincerely,  
Mrs. Carolyn Watts
