

ATTENTION WASTEWATER OPERATOR LICENSEES

2021 Wastewater Operator License Renewal Information

DEQ has granted an extension until December 31, 2021, for wastewater operator licensees to obtain the required twenty-four (24) hours of training for the 2019–2021 Wastewater Operator License period, which ends on June 30, 2021.

To renew a Wastewater Operator License issued pursuant to APC&EC Rule 3, each operator must submit the following on or before June 30, 2021:

1. License renewal fee of \$40.00;
2. The invoice issued by DEQ for the wastewater operator license; and
3. A signed certification with the training hours the operator has obtained during the 2019–2021 renewal period, July 1, 2019 through June 30, 2021.*

A \$10.00 late fee will be assessed to license renewal fees paid after June 30, 2021.

* On or before December 31, 2021, each wastewater operator licensee must submit a signed certification with any training hours obtained between July 1, 2021 and December 31, 2021 that are necessary for the operator to meet the twenty-four (24) hour training requirement for the 2019–2021 renewal period.

The extension of time allowed for wastewater operator licensees to obtain training hours for the 2019–2021 Wastewater Operator License period will not change the 2021–2023 Wastewater Operator License period, which will begin on July 1, 2021 and end on June 30, 2023. Each operator seeking to renew a wastewater operator license in 2023 will be required to obtain twenty-four (24) hours of training during the 2021–2023 Wastewater Operator License period.
