Notice of Intent (NOI)

NPDES GENERAL PERMIT ARG640000
Wastewater Discharge from Water Treatment Plants

The attached form can be used by all persons desiring coverage under NPDES General Permit ARG640000 for Wastewater Discharge from Water Treatment Plants. The form should be completed and submitted to this Department no later than thirty (30) days prior to the date coverage is desired.

In accordance with the Arkansas Pollution Control and Ecology Commission (APCEC) Regulation No. 9, a permit fee of $400 must accompany this Notice of Intent at the time of submission. Failure to remit the required fee may be grounds for the Director to deny coverage under this general permit and require the owner or operator to apply for an individual permit. In order to be eligible for coverage under this general permit, the facility must have been issued a construction permit by this Department.

Be sure to read Permit No. ARG640000 and the associated Fact Sheet for further information on ADEQ’s website: http://www.adeq.state.ar.us/water/branch_permits/general_permits/default.htm. It describes what constitutes coverage under this permit, effluent requirements, discharge limitations, and other standard conditions.

40 CFR 122.22(b) states that all reports required by the permit, or other information requested by the Director, shall be signed by the applicant (or person authorized by the applicant) or by a duly authorized representative of that person. A person is a duly authorized representative only if the authorization is made in writing by the applicant (or person authorized by the applicant); the authorization specifies either an individual or a position having responsibility for the overall operation of the regulated facility or activity such as the position of plant manager, superintendent, or a position of equal responsibility for environmental matters for the company; and the written authorization is submitted to the Director.

This Notice of Intent must be signed by a person authorized under the provisions of state and federal law, and who should be familiar with the provisions of 40 CFR 122.22 pertaining to signatory authority. Be sure to read the Certification.

If you have any questions concerning the ARG640000 permit information or Notice of Intent, please contact the Permits Branch of this Department at (501) 682-0623.

REMEMBER THE FOLLOWING:

1. The Notice of Intent must be complete. Do not leave any questions blank; use "NA" if a question is not applicable. Outfall information must be completed. It cannot be blank or "NA".
2. A site map showing the location of the discharge points must be attached to the Notice of Intent at the time of submission.
3. Read and sign the Certification.
4. A $400.00 check or money order must accompany the Notice of Intent at the time of submission. Notice of Coverage (NOC) will not be issued until payment has been received by ADEQ.
5. Please call the following numbers if you have any questions about this Form:

RETURN THE COMPLETED FORMS TO:

Arkansas Department of Environmental Quality
Permits Branch, Water Division
5301 Northshore Drive
North Little Rock, AR 72118

Or by electronic mail to: Water.permit.application@adeq.state.ar.us  (Complete documents must be submitted in .pdf format (e.g. NOI, site map, and/or SWPPP)

INSTRUCTIONS

I. How to Determine Latitude and Longitude:

If a physical address is known go to www.terraserver-usa.com and proceed with the following steps:

1. Select Advanced Find
2. Select Address
3. Input address
4. Click on Aerial Photo
5. Click on the Info link at the top of the page
6. Note the Latitude and Longitude are in Decimal Coordinates.
7. Go to www.geology.enr.state.nc.us/gis/latlon.html to convert coordinates to Degrees, Minutes, and Seconds.

NOTE: If a physical address does not exist you may find the coordinates in the Legal Description of the property.

II. How to Determine the Accuracy, Method, Datum, Scale, and Description for the Facility/Outfall Latitude and Longitude:

Horizontal Accuracy Measure – This indicates the accuracy, in meters, of the latitude/longitude location, or how close the specific latitude/longitude location is guaranteed to be to the real-world location. It is typically a function of the method used to obtain the latitude/longitude.

Horizontal Collection Method - The text that describes the method used to determine the latitude and longitude coordinates for a point on the earth.

III. How to Determine your Facility Outfall Type:

1. Outfall Type 101: Daily Average Waste Discharge Flow \( \leq 0.5 \) MGD
2. Outfall Type 102: Daily Average Waste Discharge Flow \( > 0.5 \) MGD but \( \leq 1 \) MGD
3. Outfall Type 103: Daily Average Waste Discharge Flow \( > 1 \) MGD

IV. How to Determine your Hydrologic Basin Code for the Facility/Outfall:

1. Locate the county of your facility on the map on Page 4.
2. Find the numbered segment overlaying the county. For example 2C overlays most of Saline County.
3. Find the Eight Digit Hydrologic Basin Code located inside the numbered segment.

V. How to Determine your Stream Segment for the Facility/Outfall:

1. Locate the county of your facility on the map on Page 4.
2. Find the numbered Stream Segment overlaying the county. For example 2C overlays most of Saline County. 2C would be the Stream Segment for any facility located within that segment.

V. How to Determine your Ultimate Receiving Waters:

1. Locate the county of your facility on the map on Page 4.
2. Find the numbered segment overlaying the county. For example 2C overlays most of Saline County.
3. Match the number from the segment to one of the numbered Ultimate Receiving Waters. For example: A facility located in Western Saline County is in segment 2C. The “2” determines that the Ultimate Receiving Water for the project is the Ouachita River.

VI. Signatory Requirements:

The information contained in this form must be certified by a **responsible official** as defined in the “signatory requirements for permit applications” (40 CFR 122.22).

Responsible official is defined as follows:
- **Corporation**, a principal officer of at least the level of vice president, treasurer
- **Partnership**, a general partner
- **Sole proprietorship**: the proprietor/owner
- **Municipal, state, federal, or other public facility**: principal executive officer, or ranking elected official

Disclosure Statements:

Arkansas Code Annotated Section 8-1-106 requires that all applicants for the issuance or transfer of any permit, license, certification or operational authority issued by the Arkansas Department of Environmental Quality (ADEQ) file a disclosure statement with their applications. The filing of a disclosure statement is mandatory. No application can be considered complete without one. You must submit a new disclosure statement even if you have one on file with the Department. The form may be obtained from ADEQ web site at: http://www.adeq.state.ar.us/disclosure_stmt.pdf.
VII. CERTIFICATION OF OPERATOR

_____(Initial) "I certify that, if this facility is a corporation, it is registered with the Secretary of the State of Arkansas."

_____(Initial) "I certify that the cognizant official designated in this Application is qualified to act as a duly authorized representative under the provisions of 40 CFR 122.22(b). If no cognizant official has been designated, I understand that the Department will accept reports signed only by the Applicant."

_____(Initial) "I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."
