To the Arkansas Department of Environmental Quality, Office of Water Quality,

I am writing to you this evening in regard to reclassifying Big Creek and the impaired sections of the Buffalo River as part of Category 5. It takes very little understanding of ecology to recognize the damage created by C&H Hog Farm leaves lasting effects on one of the state's most beautiful regions. As a University of Arkansas alumnus, I implore you to protect Big Creek and the Buffalo River.

Sincerely,  
Corbin
