Subject: Big Creek and Buffalo National River designation
Date: Sunday, September 9, 2018 2:48:48 PM

Dear ADEQ:

It is my belief that it is necessary that Big Creek and The Buffalo National River should be designated as "Category 5" to ensure that an investigation will be made to determine the source of contamination. That way it can be addressed. As a long time land owner and farmer, who adjoins the northern Arkansas waterways that these bodies join and flow through, I feel a definite need to know.

Sincerely,

Evelyn Sammons
